## **ATOMIC T-Shirts and Snapback Cap for the Boat, Beach.. and Bar:**

### **Streetwear for Anglers**

Atomic introduces three new stylin' lifestyle items to its clothing range and sports wear.

Atomic's two new tees are 100 percent cotton, soft and sturdy for all fishing trips... or for a beach day off. Grab one in black or white, printed with the dynamic, arrowed Atomic logo front and back. Vintage graphic lettering lends a surfie element —tuck this beauty into the Sunday best trousers or let it hang over the boardies for the morning run (and cappuccino).

These tees are also, of course the perfect core layer for anglers in fair weather – throw one on in the morning and cover it with an Atomic hoodie when the sun goes down.

Cap it off with Atomic's new black snapback hat, splashed with white logo and red lettering. It has a wide brim for sun protection and style.

This isn't hip hop. This isn't a trucker cap. It's angler streetwear, all new from Atomic.

Tees are made in children's sizes 8-14 and adults from XS to the essential 3XL (just in case the local pop up tent doesn't fit.)

Snapback cap is a one size fits all — for big heads and for healthy egos.

RRP: T-Shirt \$24.95 Cap \$12.95
